

Alistair's Personal Essay:

I started adventuring when I was four years old in Maryland. Some of my favorite adventures in Vermont are going to Moss Glen Falls, covering myself in mud and clay, going off jumps when I am skiing, hiking, and making fires. I like playing soccer with my friends all seasons, and playing on Vermont United. When I am at the mountain I try stuff I can't do in the park, and doing tricks off of the side jumps. One of my goals as a skier is doing a lot of rails and cool tricks. I want to do all of the trails and be a better skier. One day I want to be a professional athlete. I am very passionate about sports. They are really fun to play, and you get a lot of exercise. I also like sports because teamwork is one of my core values. I want this scholarship because I want to get better in the park and compete against people. I want to learn from other skiers who are better than me. I would be very grateful if I was able to be apart Green Mountain Academy.
