Dear Flynn Ryan Foundation,

I am delighted to write this letter of recommendation in support of Zoe O'Neill's application for the Flyin Ryan Hawks Foundation. I have had the pleasure of instructing Zoe in her Pediatric Practice course in the OTA program at Madison Area Technical College.

Zoe is a caring, resourceful, and motivated individual with significant potential to excel in her very bright future. She shows a strong passion, dedication, and commitment to excellence. These skills will serve her greatly in her future career. In class, she actively sought out learning opportunities in all aspects of pediatrics and works to understand and apply classroom concepts to real world situations.

Based on my classroom observations, Zoe shows great skill and promise for steadfast advocacy for the needs of patients and families in all aspects of care; she will surely inspire her clients every step of the way. She creates functional, creative and innovative treatment plans that motivate and empower her clients. Zoe has an innate ability for self-reflection in her assignments and patient interactions and strives for excellence in every aspect of her work.

Zoe would be an incredible asset and deserving recipient of this scholarship; she continually seeks inspiration, shows perseverance in light of challenging topics and projects, readily empowers both clients and students around her and demonstrates many of the core values of your foundation on a regular basis. Thank you for your consideration to this matter. Please do not hesitate to reach out to me with any further questions.

Sincerely,

Rachel Fischer OTR/L, MOT, BCP
