To the Flyin Ryan Adventure Scholarship Committee,

*December 2nd, 2024*

It is my distinct pleasure to recommend Ryan Lacey for the Flyin Ryan Adventure Scholarship. Over the past several years, I have had the privilege of teaching Ryan in both Graphic Design and Photography, as well as serving as his teaching advisor for the next three years. This role has allowed me to develop a close, one-on-one relationship with Ryan and witness his development as an exceptional individual who embodies the values your program holds dear.

Ryan is a truly multifaceted student whose dedication to academics, athletics, and personal growth is remarkable. Despite a rigorous schedule that includes frequent absences due to his passion for competitive skiing, Ryan consistently excels in his coursework. His commitment to staying on top of his academic responsibilities, even when balancing the demands of high-level athletics, is a testament to his discipline and work ethic.

As a leader in the classroom, Ryan is a role model for his peers. His natural leadership qualities shine through in the way his classmates look to him for guidance, whether for creative suggestions, clarifications on the assignment at hand, or general support. Ryan leads not through words alone but by example—his actions consistently reflect his core values of honesty, helpfulness, and dedication. He treats every project and interaction with thoughtfulness and integrity, making him a respected and valued member of our learning community.

Ryan's creative spirit is another of his defining traits. In both Graphic Design and Photography, he demonstrates a unique ability to express himself through visual storytelling. His work consistently reflects not only technical skill but also a profound sense of curiosity and adventure—qualities that resonate deeply with the principles of living outlined by the Flyin Ryan scholarship.

In addition to his academic and creative pursuits, Ryan's passion for skiing highlights his adventurous spirit and drive for excellence. Skiing is not just a sport for Ryan; it is an extension of his values. Through his commitment to pushing boundaries, maintaining balance, and embracing the challenges of this demanding sport, Ryan exemplifies the scholarship's call to "never stop exploring life."

I have no doubt that Ryan will approach this scholarship opportunity with the same passion, integrity, and adventurous spirit that he brings to all aspects of his life. His core values align perfectly with those of the Flyin Ryan Adventure Scholarship, and I am confident that he will represent your organization with distinction.

Thank you for considering Ryan for this incredible opportunity. Please do not hesitate to contact me if you have any questions or need further information.

Sincerely,

*Nathaniel G. Furlong*
