To Whom It May Concern,

My name is Ross Baker and I work for McLean's Ace Hardware in Grayling Michigan. Parker started working with me two years ago at Ace. I'm writing this to inform you of his hard work habits. He is always on time, offers to help others, he always is pushing himself forward and has a positive attitude. Parker is a smart, kind hearted individual that I've come to know and who has earned my trust and respect. So much so, that I have been doing renovations on my own home and recently Parker has come over to help me. He has done windows, chimney, siding and all around helping me with my projects.

He's talked to me a lot about school and what he wants to do in life. I think Parker Metcalfe would be a great asset to your school and or your business.

If you have any other questions feel free to call me. 231-357-5188

Sincerely,

Ross Baker
