

To the Flyin Ryan Scholarship Committee,

It is with deep admiration and joy that I write in support of Imi's application for the Adventure Scholarship.

I have had the privilege of working closely with Imi at my sports therapy and performance center, as well as sharing time with her on snow and on the trampoline. In every environment, she radiates the passion, perseverance, and generosity of spirit.

Imi loves skiing more than anyone I know. She shows up with drive, resilience, and a hunger to learn. She is focused, coachable, adaptable, eager to listen, improve, and master her craft.

What makes Imi truly special is her heart. She lights up when someone else lands a trick or breaks through a mental block. She celebrates her peers' successes as enthusiastically as her own. That kind of character is rare, especially in someone so young.

In my eyes, Imi and her sisters embody and live by many of Ryan's core values. They represent the next generation of fierce, joyful, supportive athletes who are not only changing their sport, but changing the culture around it.

With gratitude and full support,

Steph Lawee
